## Professional Experience

### **Rose Blossom Farm, Ocala, FL**

*Owner*

November 2012 - August 2022

- Acquired and renovated an 18-acre equine medical care facility specializing in reproductive care for pregnant mares, foals, and young horses
- Designed and implemented evidence-based care protocols for post-hospital and post-surgical cases, supporting both short- and long-term medical management
- Conducted complex rehabilitation and monitoring programs for high-risk equine patients, adhering to veterinary treatment plans
- Oversaw day-to-day operations and upkeep of the facility and the maintenance of buildings and equipment
- Managed accounts payable and accounts receivables, ensuring accurate billing and timely collections

### **Guidance/Care Center, Inc. – WestCare, Marathon, FL**

*Behavioral Health Technician (Internship)*

December 2020 – April 2021

- Supported comprehensive client care delivery by assisting with intakes, assessments, and ongoing inpatient care
- Facilitated group discussions and therapeutic activities
- Applied de-escalation techniques and direct client support strategies to maintain a safe and stable environment
- Prepared and maintained administrative and clinical documentation in compliance with unit protocols and confidentiality standards
- Collaborated with multidisciplinary medical and support teams to ensure continuity of care

### **Boys & Girls Clubs of Marion County, Ocala, FL**

*Health & Wellness Coordinator*

February 2018 – April 2020

- Managed county-level hospital district grants, ensuring timely reporting and compliance
- Developed and implemented inclusive health and wellness programming across three sites
- Cultivated and maintained donor and community partnerships
- Designed monthly club newsletter covering three sites
- Supported outreach and event planning initiatives
- Led programming activities with members aged 6-18

### **Florida Local Exchange, Ocala, FL**

*Owner*

November 2015 – January 2018

- Designed and implemented an aggregation and distribution system for local food products
- Managed all in-store business operations including accounting, purchasing, and vendor relations
- Developed marketing materials and executed advertising strategies
- Managed and optimized social media platforms and website content
- Led and supervised part-time staff and coordinated workflow execution
- Initiated and maintained partnerships with local farm producers and vendors
- Planned and hosted on- and off-site farm-to-table community events
